Free

APPLE App Store   Google Play Store

2. Scan this QR "Thingmark":

3. Username: **ScottAR**
   Password: **AmazingARby4cad**

4. Follow the on-screen navigation:

   a. **With-**Frame: Use a real frame to trigger the experience. The experience is locked to this frame, until you rescan the Thingmark. Best results with Medium Size frame.

   b. **Without-**Frame: Use a flat reference surface (eg. Table) to trigger the experience. Use touch-controls pinch and swipe to control scale-size, spin and position.
